You've got an empty paragraph tag at the top of the photo.

Perfect—thanks, Rich!

I also added a picture from an article that Bill just sent me.

Thanks, everyone! Here's the latest version of the page:

No problem! Here it is so far; feel free to change ANY of the wording:

And I'm looking for better pictures; I'll add one once I find one that works better. The Durango Harold has a video where I might be able to use some stills.

Thanks,

Tim

Tim—can you set up a webpage called “EPA Gold King Mine Release” for possible use? I’m thinking of a format similar to Glendive spill where we can post updates for a while and direct folks to current statements and updates pulled from polreps. Keep it offline for now, I’ll send you some language in a bit.
